

# Green Cleaning Supply List

## All-Purpose Cleaner

INGREDIENTS	INDIVIDUAL	BUYING IN BULK FOR 5 PEOPLE
White distilled vinegar	2 cups/16 fl oz	1 gallon
Essential oil* (optional)	As preferred	As preferred
Storage: 32-ounce spray bottles**	1 bottle	5 bottles

\* Optional, but suggested to reduce vinegar smell; try lavender or lemon! 1 fl oz bottle of essential oil is generally sufficient for a party of 10.

\*\* WVE recommends using janitorial-strength bottles because vinegar can corrode ordinary bottle components.

## Laundry Detergent

INGREDIENTS	INDIVIDUAL	BUYING IN BULK FOR 5 PEOPLE
Soap flakes	1 cup	5 cups/36 dry oz
Washing soda*	1/2 cup	2 1/2 cups/17 dry oz
Borax	1/2 cup	2 1/2 cup/17 dry oz
Storage: Pint-sized jars	1 jar	5 jars

\* Gloves are recommended as washing soda may irritate skin after prolonged contact; not to be used with silks, woolens or vinyl.

## Furniture Polish

INGREDIENTS	INDIVIDUAL	BUYING IN BULK FOR 5 PEOPLE
Olive oil	1/4 cup	1 1/4 cup/10 fl oz
White distilled vinegar	1/4 cup	1 1/4 cups/10 fl oz
Lemon essential oil or lemon juice* (optional)	20-30 drops oil or 2 teaspoons lemon juice	~.5 fl oz/150 drops oil or 3 1/2 tablespoons juice
Storage: Pint-sized jars	1 jar	5 jars

\* Lemon juice may be substituted for lemon oil, but then cleaner must be stored in refrigerator. 1 fl oz bottle of essential oil is generally sufficient for a party of 10.

## Creamy Soft Scrub

INGREDIENTS	INDIVIDUAL	BUYING IN BULK FOR 5 PEOPLE
Baking soda	2 cups	10 cups / 5 lbs / 68 dry oz
Liquid castile soap*	1/2 cup	20 fl oz / 2 1/2 cups
Vegetable glycerin	4 teaspoons	7 tablespoons / 3 1/2 fl oz
Antibacterial essential oil** (optional—try lavender, tea tree, rosemary)	As preferred	As preferred
Storage: Pint-sized jars	1 jar	5 jars

\* WVE recommends using a liquid castile soap that does not contain sodium lauryl (laureth) sulfate (SLS) or Diethanolamine (DEA), which may have harmful side effects.

\*\* 1 fl oz bottle of essential oil is generally sufficient for a party of 10.

NOTE: You can use essential oils as an alternative preservative, but using the vegetable glycerin significantly increases the shelf life of the product. If you plan to make a large batch to store, WVE recommends using the vegetable glycerin.
